Other important information: In general, all retail depositors and businesses are covered by the Deposit Guarantee Scheme. If deposits are covered, the credit institution shall also confirm this on the statement of account.

Footnotes:

[1] Scheme responsible for the protection of your deposit: Your deposit is covered by the Dutch statutory Deposit Guarantee Scheme. If insolvency of your credit institution should occur, your deposits would be repaid up to € 100,000.

[2] General limit of protection: If a deposit is unavailable because a credit institution is unable to meet its financial obligations, depositors are repaid by the Dutch Deposit Guarantee Scheme. This repayment covers at maximum € 100,000 per credit institution. This means that all deposits at the same credit institution are added up in order to determine the coverage level. If, for instance a depositor holds a savings account with € 90,000 and a current account with € 20,000, he or she will only be repaid € 100,000. This method will also be applied if a credit institution operates under different trademarks.

³ Limit of protection for joint accounts: In case of joint accounts, the limit of € 100,000 applies to each depositor.

In the exceptional case of bankruptcy of your credit institution on the moment you have a deposit directly resulting from real estate transactions relating to private residential properties your deposits will be protected for a period of three months after the deposit for an additional amount which will not exceed € 500,000.
